

I'm not robot!

Graduation Speech

Hello. It is an honor for me to be here tonight to bring greetings and congratulations from the school board.

As I began thinking about what I should say to you, I discovered that I could go on for hours talking about your years at *(name of school)* High School . . . about the experiences you've had which prepared you for this day and for the future. I began making notes about all the advice I should share with you and about all of the many topics I wanted to cover.

Then a friend reminded me about the fate of the famous Greek philosopher, Socrates, who lived a long, long time ago.

Socrates was very intelligent. But Socrates gave long speeches, and his friends killed him.

Since I am no Socrates . . . nor do I want to end up like Socrates . . . I will be brief and to the point.

Tonight *(number of graduates)* seniors are graduating from *(name of school)* High School. The room is packed with your friends and relatives, and every person here is proud of you . . . of your accomplishments . . . and of the goals that you have reached. If each of us were to write down a definition of a successful graduate, we would quickly discover that some of the same words and phrases would be repeated over and over again. Common themes would be – dedication, perseverance, integrity, honesty, conscientiousness, dependability and hard work.

From all of the terms used to describe graduates, the one I think should receive top billing is “winner”. Each and every one of you is a winner! You have demonstrated through hard work, dependability, conscientiousness,

Sample Speeches for High School Graduation

The following speeches are samples meant to help inspire your own creativity, but they should not be copied exactly for your own use. If you like the style or sentiment of a particular speech, think of how it applies to your own high school experience, and use that as the basis for an original speech of your own.

Sample One: How We'll Measure These Years

My fellow students, we only arrived here four short years ago, and now it's already time to leave. How did it all go so fast? It seems like only yesterday that we were clumsy little freshmen fighting with the locks on our lockers, trying to figure out where our next class was, and looking generally clueless to all the upper classmen. Now we are the upperclassmen, the seniors who stand here ready to graduate and move forward in the world. Yet at this seminal moment, we can't help looking back.

How do we measure the time we've spent in high school? In the beginning, we measured it in class periods, counting down the day to eventual freedom. As the days and weeks passed, we measured it in semesters, and later in years as we moved from being those clueless freshmen, to becoming sophisticated sophomores who thought they had it all figured out. By the time we reached our junior year, we were confident that we were prepared to take over for the graduating seniors, and we couldn't wait to "rule the school."

And now here we stand. Our rule is over, and it's up to the next class to step into our shoes and take over. I know that as I look out at all of you, I will measure my time here in a much different way. I will measure it in all the friendships I've enjoyed these last four years. Some were pretty casual and others were much closer, but I'll remember each one fondly, as I'm sure you all will, too. And when many of our high school memories begin to fade, that's how we'll ultimately measure the time we spent here, not in periods or semesters or years, but in the friendships that we made and the times we shared together.

Congratulations my fellow graduates of the class of 2013. Wherever we go and whatever we do, may we always be friends when we meet again.

Barnegat High School Graduation Speech

Good evening everyone. It is again an honor to address this year's graduating class here at Barnegat High School. As the Mayor, it is times like this that makes my job a little more rewarding. I would like to take this opportunity to thank the Barnegat Township Board of Education, President Houser, Vice President Becker, Dr. Mahon, Dean Allison and Barnegat High School Principal, Dr. Saxton, for inviting the Township Committee to participate in this very important event.

As I look out at the faces of this graduating class, I can only reflect on how I felt as a senior in the Class of 1969. Although that was 40 years ago, not a lot has changed since then. I, just as you, was challenged with what to do next. Do I continue my education, enter the armed forces, or start a career and maybe a family? All of you face these same questions. Don't be afraid to look for guidance from the people that helped you to reach this day. Your parents, your teachers, your counselors, your administrators and your friends. They all saw you through 13 years of schooling for one reason, to see you succeed. As you move on today to a very complex and highly competitive world, their help will be more important than ever.

As a 30 year resident of Barnegat, I have seen tremendous growth in our school system and I am proud to say that Barnegat Township has some of the best schools that New Jersey has to offer. All of you, the Barnegat High School senior class, should be just as proud.

Consider yourselves as one of the best!

As your Mayor, I congratulate you, the Barnegat High School Class of 2009 and wish you all of the best that life has to offer.

May God bless you all and your families, may God bless our troops,

May God bless America and our great town of Barnegat.

Thank you,

Jeffrey M. Melchiondo
Mayor, Barnegat Township
